Cyber Security

Digital
Forensics

ECS is a group of IT companies established in 2009, with a Head office based out at Ahmedabad, Gujarat and operations in PAN India, that offers world-class service with the most sophisticated and advanced technology on Cloud Infrastructure and IT Solutions, Cyber Security, Digital Forensic Solutions and e-Waste management.

13th years ago, We had a contemporary vision that Cyber Security, Cloud Solutions, Digital forensics and E-waste management will be the basic need of an hour. By keeping these thoughts in mind, we have started this business. We nurtured this thought, updated our system with latest techonologies and developed an expert team of great brains.

With the great expertise, experience and intelligence of more than a decade, we gained success and set up credentials in the market. Major Awards and certificates achieved are ISO 9001, 14001 & 27001, OHSAS 45001 and R2 certifications, etc. All of them show futuristic challenges and offer solutions over the decades.

With a comprehensive range of Cyber Security & Digital Forensic solutions and services in a single place, which has a footprint in the national and international markets. We also spread Digital security awareness in the corporate society in India. ECS Group is known as the most trusted and reliable environment-friendly e-Waste Management Company in India. We have a renowned name for our Performance, Honesty and Loyalty.

ECS has delivered extensive service offerings from SMEs to Larger Enterprises, Governments, Banking, Law & Enforcement, educational institutes and many more industry niches to stay protected from cyber-attacks and solutions for disposing of e-waste. We strongly believe in focusing on 100% customer satisfaction.

I, Vijay Mandora promise to contribute the digital world safe & secure for every title transaction for any kind of service and product of the businesses.

Warm Regards,

## - MR. VIJAY MANDORA
Founder | Chairman Managing Director
